

Roll Shutters:

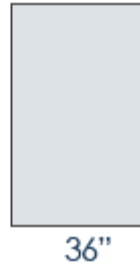

Measuring Instructions:

For Roll Shutters

- Measure the opening width and height
- Add 8" to width for shutter tracks
- Add 8" to height for housing box above opening (size of box determined by size of height, for openings above 144" a 9" or 10" box may be required)

Example:

Finish Size
36x63

63"

36"

Shutter Finished
Size 44"W x 71"H
